We became interested in wine in 1994 while visiting Napa. We immediately saw the joy and passion of the winemakers and farmers. They seemed happy. And with that trip, the dream of living such a life sprouted. In early 2019, while contemplating New Year’s resolutions, we decided we would seek our dream or let it be and move on. We Googled “vineyards for sale in Southern Oregon” and our vineyard came up. After living in Dallas, Texas for 30 years and raising our family, we were ready to seriously pursue our dream. In October 2019, we purchased a vineyard in Applegate Valley with

established vines. We named it Kenyon Vineyard in honor of Linda’s father, Charles Kenyon Eckels, who lived in the Applegate Valley for many years and introduced us to this spectacular area. In May 2021, we sold our home in Dallas and retired from our corporate jobs to move to Southern Oregon to farm the vineyard and begin selling wine.
