FIELD RECORDINGS.

‘Winery of the Year’
-Vinepair 2023

‘Andrew Jones is one of the most important players in the Central Coast wine industry.’ -San Francisco Chronicle

Year Founded: 2007

Region: Central Coast, Paso Robles AVA

Owner/Winemaker:
Andrew Jones and Tim Fulnecky

Known For: Andrew’s former ‘day job’ was working for a grapevine nursery in California, putting some 2-3 million vines in the ground per year in addition to putting 60,000+ miles on his car a year driving from vineyard to vineyard. Andrew knows where the best vineyard sites are in California and he champions them through authentically made wines.

-Organic, Sustainable, Vegan-

Field Recordings is the winemaker-run label of Andrew Jones, born from his two decades of working in the vine-nursery world on California’s Central Coast. With an eye for under-appreciated vineyard sites, he founded Field Recordings in 2007 to document “the people and places I value most” through wine. Based in Tin City, Paso Robles, the program sources from some of the region’s most interesting and quietly performing vineyards - organic or sustainably farmed, often dry-farmed, always chosen with intention. Andrew makes wines that speak of place, but above all speak of flavor: native-yeast ferments, minimal sulfur, zero pretension. At Field Recordings you’ll find everything from skin-contact whites and pét-nats to serious barrel-aged reds and everyday-drink blends – all wrapped in a label and a brand designed for accessibility and authenticity. With most wines retailing in the $25 range, and many club members and visitors remarking on their freshness and value, the brand occupies a distinct space: elevated yet un-elevated, thoughtful yet fun. Field Recordings is expanding vineyard ownership, refining organic certification, and maintaining a tasting room that welcomes dogs, families and curious visitors alike. In a winemaking world that often privileges flash and hype, Field Recordings delivers quiet, grounded wines with personality.

2021 ‘Champs’ Sparkling Wine, Paso Robles

Varietals: 100% Pinot Meunier
Vineyards: Derbyshire

To expand on our sparkling wine-making skills we started a methode champenoise in 2020 using this underdog sparkling grape from the old world that is the only of its kind grown on the SLO Coast. On tirage for 30 months and disgorged in July of 2023. Enjoy, this is our toast to you!

2025 Chenin Blanc, Central Coast

We sourced grapes from four different Central Coast Chenin Blanc vineyards: Chalone, Jurassic Park, Le Bon Climat and Shell Creek. All four of these vineyards are harvested and brought to the winery to be pressed immediately before fermenting with spontaneous yeast. Fermented in a mix of 1000L German Oak Fuders, and 225L barriques. This old vine cuvee is a true snapshot of a lost era of California viticulture. Flavors of Meyer lemon, fresh quince, zest of lime, oyster shells, chamomile.

2024 'Shucks' White Wine

65% Pinot Blanc, 35% Melon from Chalone Vineyard. Directly pressed to neutral barrels for a spontaneous fermentation. 4 months in neutral French oak. Flavors of lemon creme, shortbread cookies, white flowers.

In the mountains above Soledad, at the base of the Pinnacles National Monument, lies the 50-year-old La Puesta block. At a time when varieties were mixed up, the Melon grapes were originally planted as "Pinot Blanc." Gradually, the vines were replanted with true Pinot Blanc, and today, the actual vineyard mix is unknown. We get a random assortment, picked early in the season to ensure the freshest possible acidity. Aged on its lees until bottling for added richness and complexity while retaining that laser-sharp acidity. Grab your shucking knives.

94 Points - Editors Choice - Wine Enthusiast

2025 'Bumps' Sauvignon Blanc, Santa Maria Valley

100% Sauvignon Blanc. Hand picked and pressed whole clustered to stainless steel for a long and cool fermentation with native yeast. 93 Points – '23 James Suckling - *"The nose offers an array of bright, lifted aromas of mulberries, cocoa and violets. The palate is medium-bodied with firmly integrated tannins and fresh acidity, showing notes of blood plums, raspberries, dark chocolate and licorice."*

Our Cabernet Franc comes from low lying, sandy river bottom vineyards in Paso Robles. Fermented with the clusters intact to bring out more fruit and spice in the final wine. Aged entirely in our large 1,200-gallon American oak casks to soften the edges and maintain freshness. A Field Recordings classic for over 10 years.

"Not your traditional California Cabernet Franc. This leans more toward a Loire Valley style, with fresh, lifted aromas of wild blackberries, cassis, violets and potpourri. The palate is medium-bodied with fine tannins and bright acidity, showing notes of cranberries, pencil shavings and fresh herbs. Very well balanced and vibrant." -James Suckling

Vineyards: Creston Ridge (Sip Certified), Trousdale (Sip Certified),
Tasting Notes: Tastes like fresh cranberry, Montmorency cherries, strawberry

This wine was fermented with native yeasts in sealed stainless steel tanks under pressure of CO^2 for two weeks. After pressing, the wine finished its fermentation in stainless steel tanks before being racked off of its lees into tanks to age. Minimal sulfur was added after malolactic fermentation and again before bottling.

The ideal antipasto wine! We recommend serving with a chill — when the letters on the label turn blue, you know what to do (drink it).

91 Points - Wine Enthusiast

91 Points – James Suckling – *"Bursting with charm, this shows red cherries, cranberries and rhubarb swept with fresh oregano and spices, plus a subtle lift of fennel seeds through the mouthwatering finish. This light, bracing red is meant to be enjoyed chilled; the word "Freddo" on the label turns blue when it's properly cold."*
