

L&C POITOUT

Year Founded: 2003

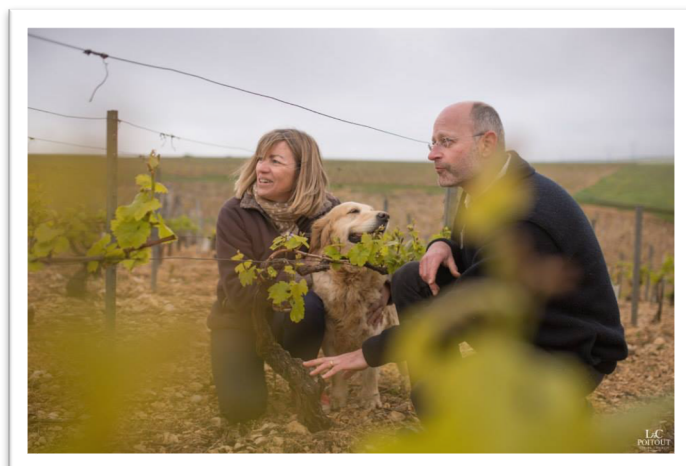

Region: Burgundy, France

Founders: Louis & Catherine Poitout

Fun Fact: Their vineyards include a plot of ungrafted Petit Chablis! The only pre-phyloxera vines known in Chablis.

-Organic-

L&C Poitout is one of Chablis new and emerging names. Comprised of the combined passion, enthusiasm, love and destiny of two people, Louis and Catherine. Childhood friends, one day in 1994 their destinies collided – only to realize an almost unavoidable dream, to start a winery together. The Domaine of L&C Poitout is made up of some 18 hectares, combining those inherited by Catherine and their Domaine purchased in Fleys. Unique plots, primarily from North to the Eastern ends of the region, nestled in and around some of the Grand Crus, they have exceptional terroir, capable of making truly personal wines of real substance. Their approach is of deep love and respect for the land. Flora and fauna are strictly preserved, staying on close daily contact with the vines. The most natural viticulture is adopted, parcel by parcel to preserve the uniqueness and personality of each plot. Louis and Catherine believe in showcasing what each vineyard can offer, so they focus on their parcels and don't do any assemblage. Fermentation takes place in stainless steel to maintain the purity of the wines.

2022 Bourgogne Blanc

100% Chardonnay. This light, crisp, refreshing white comes from 27+ year old vines planted in Tonnerre, grown on South East-facing clay/chalky soils. Lightly fined/filtered, all in stainless. Redolent of green apples, lemony citrus notes and a mineral backbone that balances the fruit, ending in a long luscious finish.
