

# BRIJ WINES

Brij Wines is a critically acclaimed California natural wine label founded by renowned master sommelier and winemaker Rajat Parr. Named after his father, the project focuses on organic, biodynamic, and regenerative farming practices. Brij acts as Parr's négociant label, sourcing grapes from select organic vineyards across California's Central Coast, while utilizing low-intervention, hands-off winemaking (native yeasts, no fining, and no filtration).

## **2025 Pinot Noir Printemps**, San Luis Obispo

Sourced from Greengate vineyard located in Edna Valley on SLO Coast. 100% Carbonic maceration and all native yeasts. 5 months in neutral French oak. Bright and lively, with aromas of wild strawberry and rose petal. The palate is light and energetic, carried by fresh acidity and delicate tannins, with subtle hints of forest floor and spice. A vibrant, spring expression of Pinot Noir.
