

THE LAMPLEY

BY LOVE CORK SCREW

Love Cork Screw is a Black-owned, woman-owned wine brand with a fresh take on what wine for this generation should be – fun, inclusive, simple and delicious. Our unique selection of award-winning premium red, white, and rosé varietals are more than wine, they're a whole mood.

After a flood destroyed founder Chrishon Lampley's Chicago art and wine bar, she was forced to start over. Her first step was to continue to channel her passion for wine and her passion for connecting with people through a blog she called Love Cork Screw. She started sharing lifestyle tips, wine picks, and restaurant recommendations, quickly becoming a go-to source for her growing audience. However, she noticed a disconnect; despite the enthusiasm, many people felt out of place in the wine scene. There's a common myth that wine has to be fancy or expensive to be good, that there are too many stiff rules about how to drink it, and even the names are overwhelming. She realized there was a big opportunity to break down these barriers and make wine more accessible and enjoyable for everyone. She launched with six varietals in December 2013 and has now sold over 2 million bottles, expanded to include wine scented candles and skincare and has been featured in Forbes, People Magazine, Wine Enthusiast and more.

2023 The Lampley Cabernet Sauvignon, Lodi

Bold and unforgettable. This Cabernet Sauvignon is rich with black cherry, plum, and cassis, layered with velvety tannins and warm notes of cinnamon and toasted oak for an elegant, refined finish. Made for premium meats, aged cheeses, and moments that deserve the good bottle.

The Lampley is a team of artists with a passion for Home Décor, love for our community and a desire to respond to the underrepresented demographic where its culture and ideas are not reflected in the marketplace.

In honor of my father, every item from The Lampley gives back. A portion of proceeds supports medical research and nonprofits dedicated to Encephalopathy awareness and support Thyroid disease education and advocacy. With every purchase or gift from The Lampley, you're helping others navigate the journey our family walked through—and reminding them they're never alone. "Lou Lampley — a father, mentor, and light in every room."
