Camp Wines were created by the Hobo Wine Co. in 2011 to showcase the quality and value of Sonoma County wine. We work with top growers and vineyard managers in very high quality and responsibly farmed, though lesser known, vineyards throughout Sonoma County to produce delicious, approachable, and affordable wines. Like Hobo, the Camp wines employ native yeasts and malolactic bacterias for the primary and secondary fermentations without the use of commercial fermentation aids or additives. The wines are aged in real oak barrels and/or stainless steel tanks vs. alternatives or flavoring agents.

## 2022 Camp Chardonnay, Sonoma County

49% Chardonnay, from the Lloyd Vineyard in Alexander Valley off of Soda Rock Road, 27% from our new planting of Chardonnay at the Vecino Vineyard in Potter Valley, 18% from Lolonis in Redwood Valley, 3% from Amaya Ridge in the Santa Cruz Mountains, 1% from Prior in Sonoma Valley, and 2% Viognier from Morrison Ranch in Suisun Valley. The various lots were fermented in a combination of stainless steel tanks and neutral French oak barrels, then racked to all older French oak barrels and left sur lies until the completion of the malolactic fermentation, and finally brought back to stainless for the complete blend and bottling.
